

TIMBERCLEAR

Single pack waterborne basecoat with solvent top coat intumescent coating system.

Fireshield® TimberClear is a two coat clear intumescent coating system for the protection of natural interior timber surfaces to Group 1-S and structural timber members up to 60 minutes FRR from cellulosic fires in C1-C2 interior environments.

Characteristics:

- Quality clear finish.
- Zero halogens.
- Simple on site application.
- Protect timber substrates down to 8mm thick.

Advantages:

- Can be used in conjunction with approved stains.
- Simple two coat application for Group ratings.
- Ideal for Green Building projects with zero halogens.
- Low odour, low VOC.
